ENGINEERS SATISFIED.

The locomotive engineers and firemen will not join a strike.

P. M. Arthur, Chief of the Brotherhood of Locomotive Engineers, has been heard from on the subject.

"I have heard no complaints from the New York Central engineers," said Mr. Arthur. "The engineers must be governed by the rules of their organisation, and mamuch as they nave no griewance they will not strike on orders received from the striking shopmen."

"Then you do not anticipate any trouble from the engineers?"

"I have no reason to think that there will be any trouble."

imalequate and a menace to life and limb.

The general expression of opinion around the yards and in the Young Mea's Christian Association's rooms at Madison avenue and Forty-fifth street, where a lot of the men congregate, was that the trainmen would not go out. It was said that the only grievance they had was on the Mohawk division, where the men complained that when they arrived in New York they would not be given passes to get back to their homes up the State. This grievance has been submitted to the proper authorities and is now under consideration.

It was also said that the yardment cleaners, switchmen and other employees of that sort had no organization, eas of that sort had no organization, eas of that sort had no organization, and the uncompleted walls were covered up with tapestry for the inhave ever since been busily engaged in finishing the building.
